CONTRIBUTION OF STATE DTE IN DIGITAL FORUM

1. Awarding of marks will be based upon the data collected from Digital Forum on the Cut Off date (30 Nov 21). On the Cut Off date, GSO-1 (Publicity) will download the complete data and prepare State Dte wise list of No. of registrations and published activity. The breakdown of marks will be based on the following:-

- (a) Number of Registrations : 02 Marks
(b) Number of Published Articles : 03 Marks

2. Number of Registrations. The marks for No of Registrations will be based on the percentage of cadets registered in the Digital Forum in relation to the Authorised Strength of cadets within the State Dte. The State Dte having the highest percentage of registered cadets will get 02 marks and balance of the State Dtes will be awarded marks on a reducing scale on pro rata basis.

Ser	State Dte	Auth Strength	Registered Users	Registered Percentage	Score for RDC Banner
	ABC	X	Y	$Y/X*100=S$	02
	DEF	L	M	$M/L*100=T$	$T/S*2$

3. Number of Published Articles. The marks for No of Published Articles will be based on the percentage of Published Articles in the Digital Forum in relation to the Authorised Strength of cadets within the State Dte. The State Dte having the highest percentage of Published

Articles will get 03 marks and balance of the State Dtes will be awarded marks on a reducing scale on pro rata basis.

Ser	State Dte	Authorised Strength	Published Articles	Published Percentage	Score for RDC Banner
	ABC	X	Y	$Y/X*100=S$	03
	DEF	L	M	$M/L*100=T$	$T/S*3$

4. The final result sheet will be prepared after adding up the marks of both No of Registrations and No of Published Articles out of 05. The marks awarded may be in decimals upto a single digit after the decimal. Any marks going into 02 or more digits after the decimal will be rounded off to the nearest single digit after the decimal.

5. For continuity to the next year, the data for No of registrations will be taken as is on the cut off date for each State Dte, but the data for No of published articles for any given year will be calculated after subtracting the data as on the cut off date of the previous year.
